

Entrepreneurial Development Module (EDM)

In association with E-Summit 2019, Innovation Club, SIBM Pune organised the Entrepreneurial Development Module on 11th August 2019. We collaborated with The Enterprise located in Koregaon Park; where a set of select students gained the opportunity to interact with an eclectic circle of entrepreneurs. We had invited entrepreneurs from across Pune who had aced different fields.

The event was embarked with speed greeting through which each participant introduces themselves, share ideas and their goals, following which entrepreneurs and students collectively ideate and create interesting business plans. At last, the house was open for networking in order to discuss opportunities and industry trends. The day ended on celebratory note with a few students going home with new networks, few with new collaborations and few others with mentors.

We sincerely thank Mr. Aditya Jhunjhunwala and Ms. Nisha, founders of The Enterprise, for giving us a lucrative platform for learning and making connections!
